ABOUT ME

Motivated third-year IT student at the Egyptian E-Learning University (EELU), passionate about backend development with .NET. Self-driven learner with hands-on experience in building full-stack projects. Currently seeking internship opportunities to apply and grow my technical skills in a professional environment.

Cisco — Networking Fundamentals (CCNA Intro)

Self-paced course covering networking essentials, IP addressing, and basic routing concepts.

2026

Smart Code — Programming Fundamentals

Arabic.Tech | 66-lesson course covering Python, Java, SQL, OOP, APIs, Git, Docker, and Deployment.

2025

PROJECTS

Munjez — Productivity Desktop Application

munjez-website.vercel.app

Free offline-first desktop app for Windows & Linux — built with full UI/UX design

- Built a full-featured productivity desktop app from scratch supporting Windows & Linux.
- Implemented 6 core modules: Smart Task Management (folders, priorities, recurring tasks, voice notes), Calendar (4 views + Hijri support + drag & drop), Pomodoro Focus Timer, Habit Tracker with streaks, Stopwatch, and White Noise mixer.
- Designed 14 color themes and a fully offline-first architecture — no account or internet required.
- Built and published a dedicated marketing website and handled GitHub releases & issue tracking.

Personal Portfolio Website

osama-portfolio-eight.vercel.app

- Designed and built a personal portfolio to showcase projects and skills.
- Demonstrates web development skills with clean, modern design.

CURRENTLY LEARNING

- Self-learning ASP.NET Core, C#, and RESTful API development.
- Actively seeking internship opportunities in software development.

LANGUAGES

Arabic — Native

English — Intermediate (Technical Reading)

German — Currently Learning
